DON'T REMAIN STOUT

YOU SEE YOUR STOUT FRIENDS GROWING THINNER EVERY DAY.

They Are Using Dr. Edson's Obesity Pills and Bands.

NO DIETING—NO PURGING

It has been abundantly proved that the use of his own electric bands, or 11 obesity pills or both, by which the agents of this country are the well-known firm of Irving & Co., 35 Madison street, Chicago, or by the Marshall Field & Co.'s store, is the sure, safe and effective way of reducing obesity. The Obesity Pills are made from the waters of our German Imperial Springs, government ownership. The bands or pills are used separately, and make a rapid and beautiful cure. Or, if used together, they help each other in action and obtain better results.

CURED HIS RHEUMATISM AND OBESITY.

Autograph Hotel, Chicago, April 26, 1922.—Mr. W. L. Carver, 414 Chestnut street, Philadelphia, C. O. D. I like your obesity band and pills very much. They have reduced my weight sixteen pounds in the last five weeks. The obesity pills have driven away all rheumatic trouble.

HOW TO GET THE PROPER MEASUREMENT.

Measurement for band is the largest part of the waist, which is the chest, measured under the arms. The numbers 1, 2, 3 on the band indicate where measurement should be taken.

The bands cost \$2.00 for any length up to 36 inches, and the pills may be bought for \$1.00 a bottle, or three bottles for \$3.00, enough for one treatment.

SOLD BY DRUGGISTS.

You can buy the pills and bands direct from our stores or by mail or express.

The Utility Blacking Cabinet!

As will be seen from the two illustrations here presented, this cabinet fills the purposes for which it was designed, and when not in use can be closed up and stowed away in a little space. The points of advantage claimed for it are that it is ornamental, is not a dirt receiver, is strong and durable, occupies no floor space, affords ample room for the motion of the arm, holds blacking, brush and dauber in a convenient and clean place, and its arrangement permits one to shine his shoes with the least effort; it can be opened readily and with equal facility; the leg is self-adjusting; it always supports the foot rest firmly at a convenient height; the iron holder securely blacks the foot-rest when closed. The brush and dauber has each a suitable place and are within easy reach. The Cabinets are made of selected hardwood, finished in such a manner as to harmonize with the finest interior wood work. The metal is attractive in design—made from special patterns of sufficient strength without a clumsy appearance. Each cabinet is furnished with an excellent bristle brush, a dauber and a large box of blacking, which are worth one-half the cost of the entire outfit. A bottle of ladies' shoe dressing can be kept in the Cabinet under the dauber. The Cabinet can be readily fastened to the wall or wainscoting with screws, which are furnished. In many houses the bathroom will be found a convenient place for a Cabinet. Notice it as you pass by our windows.
